Description

Now there's a carpet extractor built for the way you clean carpets not the other way around. Clarke's EX20's Portable Extractors are the result of a major engineering and design initiative at Clarke that began with direct field input from cleaning technicians who used high performance portable extraction machines every day.

- Unique, engineered handles at key points on the machine—as well as front-panel roller wheels and a molded wand caddy—make maneuverability, loading and unloading easier, faster and simpler
- Standard, 12-inch stainless steel scrub wand with AquaWand® option and 15-foot vacuum and recovery hoses (25-foot option) expand productivity
- Low-moisture/environmental footprint reduction system uses less water and higher heat to cut drying time, reduce wicking of soil from pad and reduce chemical usage
- 3-stage, closed, sealed vacuum motor system maximizes water recovery, reduces wear on motor and extends vacuum motor life
- In-line, after-the-pump heater features lifetime warranty
