RHG 10070-WALL-110 Tucker Skid Mount 4 Stage Reverse Osmosis/Deionization System 110V Pump Freight Included

Manufacturer: RHG Reach Higher Ground

Tucker Skid Mount 4 Stage Reverse Osmosis/Deionization System 110V Pump Freight Included

Description

If you're tight on space or you simply want a water fed purification system you can put on a skid or mount in a van this system is an excellent choice. Capable of working off of feed water from a garden hose or siphoning a holding tank. The Tucker® Skid Mount is ideal for those looking to fill their own tank systems.
Includes:

• Powder coated aluminum panel.
• (4) Stainless Steel Filter Housings, fittings, plumbing, bypass valve, I/O Ports (3/4 GHT).
• 21” Carbon/Sediment pre-filter, (2) 21” RO Membranes, and a 21” DI post-filter.
• 5.3GPM 110v Rotary Vein pump w/ 1/2hp Motor. Regulated to 150psi MAX. Waterproof on/off switch (battery powered 12v pump version available HERE).
• 6' 12AWG power cord w/ 15amp waterproof GFCI. Test and Reset buttons.
• Dual Probe TDS meter. Measures RO product water and final Deionized product water.

Dimensions:
Approximately - 28" Tall x 8" Deep x 43" Wide

All RHG and Tucker® brand purification systems come with a 10 year warranty and are assembled in the US.
Any Tucker® system you buy will come with your first set of replacement sediment, carbon, and DI filters included at no extra cost! No more worrying about not having an extra filter on hand when you need it.
