Description
Experience the optimal balance of value and performance with Vari-Polish™ VP W. Designed to meet your polishing needs and tailored for wet polishing processes. It features a specialised foam bearing that aids in effortlessly navigating floor irregularities, ensuring a smooth and flawless polishing experience. Enjoy superior results with ease, regardless of the surface conditions. The VELCRO® brand attachment provides universal compatibility, allowing you to use this product seamlessly with various types of machines.
Features

• Ideal for wet polishing concrete, terrazzo (cementitious and resin-based), and calcareous stone.

• The tool’s flexible backing is designed for managing low spots on irregular floors.

• A wide range of available grit sizes allows you to achieve a variety of results across different applications.

• The VELCRO®-brand backing makes the tool universally compatibile and allows resin pads to be switched easily between different tool sets.
