#### Description

Diamond-infused small triangle pads, designed for precision grinding. The Vari-Polish VC D pads are ideal for use with handheld machines, as their vibration enables you to grind corners effectively. The complete range of pads ensures that you can maintain a consistent floor level throughout. The triangular shape of the pads allows you to grind right to the edge of corners, leaving no area untouched. Achieve a seamless finish even in hard-to-reach corners. The VELCRO® brand attachment provides universal compatibility, allowing you to use these pads effortlessly with various types of machines.

#### Features

- Optimised for dry polishing concrete floors.
- Ideal for achieving the desired grinding or polishing result along the edges of concrete floors.
- The VELCRO®-brand backing makes the tool universally compatible and allows resin pads to be switched easily between different tool sets.
