Hydro-force 2645-8428 In Line High Pressure Rated Carpet and Tile Cleaning Heater 282445

Manufacturer: HydroForce

Hydro-force 2645-8428 In Line High Pressure Rated Carpet and Tile Cleaning Heater 282445

Give your cleaning jobs a boost by dramatically increasing your water temperature with the Heat Force Inline Heater from Hydro-Force. The Heat Force easily connects to any portable extractor from a basic spotting machine up to and including the 1200 psi hard surface extractors. Simply stated, heat cleans better, and hotter water (combined with proper procedure) means better cleaning efficiency and shorter dry times.

This unit comes complete with a high pressure high temp solution hose including quick connects and a power cord (with GFI) to ensure fast easy setup and take down. The Heat Force is compact and lightweight, and its stainless steel construction will hold up to the rigors of everyday use.

- Efficiently heats to 190° depending on flow volume and jet size
- Lightweight at only 17lbs, with heavy duty easy grab handle
- Rubber ‐ non-marking feet so unit can be set safely on any surface
- Stainless steel construction for durability and industrial look
- 120 VAC, 1750 Watts, 15 Amp with industrial grade heater core
- 50’ 12 gauge power cord with GFI
- 8’ high temp high pressure solution hose with quick connects
- Power indicator light

Owners Manual..

Optional

Magnetic Clamp-On Water Softener Descaler for Truckmount & Portable Carpet Cleaning Machines 20260425

- Helps prevent scale buildup in pipes, coils, heaters, and carpet cleaning heat exchangers
- Reduces or eliminates routine monthly descaling in many applications
- Clamp-on installation ‐ no cutting, plumbing, salt, chemicals, or

>

cartridge replacement

- Maintenance-free design — no salt, resin, plastic pellets, filters, or media to flush

- Improves heat transfer efficiency by helping keep mineral buildup off

heater surfaces

- May improve water flow / GPM by helping reduce mineral restriction over time

- Only 4 inches long for installation in tight areas on portable and truckmount equipment

- Longer Equipment lifespan
