Model Number: 6.368-092.0

Karcher 6.368-092.0 iSolar 400 Advanced Spinning Solar Panel Brush For 3 - 4.4 Gpm Pressure Washers 4054278667508

Manufacturer: Karcher NA

Karcher 6.368-092.0 iSolar 400 Advanced Spinning Solar Panel Brush For 3 - 4.4 Gpm Pressure Washers 4054278667508

The iSolar 400 water-driven spinning disc brush is designed for pressure washers with a water flow rate of 700 to 1,000 l/h / 3.0 to 4.4 GPM. The brush has a working width of 400 mm / 15.75" and is especially suited to cleaning smaller to medium-sized photovoltaic systems. Thanks to its light weight and easy handling, even elevated systems can be conveniently cleaned. The solar cleaning kit serves for the cleaning of all traditional solar modules with a smooth surface.

Country of origin DE

Customs tariff number 96035000

Dimensions 450 x 450 mm (18")

Gross Weight 2.55 KGM (6 lbs)

Owners manual

Warning: Connecting the cleaning brushes directly to the spray lance of the high-pressure cleaner is not permitted (risk of damage to the brush drive!)

The solar cleaning kit can be combined from the following accessories:

Telescopic lances in various lengths for iSolar 400 and iSolar 800:

4.107-052.0 - 14 meters

4.107-053.0 - 10 m (GFK)

4.107-055.0 - 10 m (Karbon)

4.107-054.0 - 7 m (GFK)

– High-pressure hoses in various lengths, suitable for telescopic lance:

6.392-976.0 - 14 m

6.392-977.0 - 10 m

6.392-978.0 - 7 m

– Cleaning brushes for iSolar 800

6.368-094.0 - for water volume of 700 -

>

1000 l/h
6.368-095.0 - for water volume of 1000
- 1300 l/h
– Cleaning brushes for iSolar 400
6.368-092.0 - for water volume of 700 -
1000 l/h (this unit)
6.368-093.0 - for water volume of 1050
- 1300 l/h

The telescopic lance is described in separate operating instructions that accompany the telescopic lance and is not included in this part number.

This part number is spinning brush head only as seen in the thumb nail image.
