RHG Tucker-15 TuckerÂ® JUNIOR Hybrid Pole | Window Cleaning Water Fed Pole 4.3 ft to 11 ft Extension

Manufacturer: RHG Reach Higher Ground

Tucker® JUNIOR Hybrid Pole | Window Cleaning Water Fed Pole 4.3 ft to 11 ft Extension

Description

Looking for a lightweight water-fed pole at an exceptional value? The Tucker® Junior Water Fed Pole is a 3-section ground-level pole designed to reach windows up to 15 feet in height. Made from a blend of standard modulus carbon fiber and fiberglass, this pole still maintains a good rigid frame at an ultra low cost. Nothing is worse than getting a job site, and having to struggle with heavy extensions that slip as you work. Our light-weight tubing extends and tightens easily, and most importantly will stay that way. All of our window cleaning poles come with the new Tucker® V2 clamps with over-sized knobs, allowing a tight clamp of your water fed tubing, no matter the circumstances.
The Tucker® Junior collapses to a height of 52 inches, and weighs in at only 2 pounds, even with a window cleaning brush attached.

What's included:

• Tucker® - JUNIOR Water Fed Pole (3 section window cleaning pole)
• Tucker® GLIDE Window Cleaning Brush
• Tucker® LOCT Reach Around Gooseneck
• 100' of Tucker® Tuff Tubing
• 1 Set of Male and Female Quick Connects
• 1 Euro Tip
• 1 Acme Tip - allows you to turn the pole into a trad pole at no additional charge

Specifications:

• Fully extended height: 11 feet
