Karcher 1.109-680.0 Special HWE Series 460volt 3Phase Heater Only SN 163019 Freight Included Over Stock Promo

Manufacturer: Karcher Pressure Washing

Karcher 1.109-680.0 Special HWE Series 460volt 3Phase Heater Only SN 163019 Freight Included Over Stock Promo
 ✓ Correct Technical Specs

- Model Number: 1.109-680.0
- Type: Electric inline heater for professional pressure washers
- Power Supply: 460 Volt, 3-Phase electrical connection
- Heating Method: Electric immersion elements (not fuel oil/diesel)
- Max Temperature: Heats water up to ~200 °F (93 °C)
- Flow Capacity: Designed for cold-water units in the 2-4 GPM range
- Construction:
 - Stainless steel coil heat exchanger
 - Rugged steel frame with corrosion-resistant finish
 - Integrated safety controls (temperature limit, overload protection, phase monitoring)
- Certification: ETL/UL listed for electrical safety

• Use Case

- Adds hot-water cleaning capability to existing cold-water Karcher HD units.
- Ideal for indoor applications (factories, food processing, workshops) where fuel-fired burners are impractical or restricted.
- Provides consistent heat output without emissions, making it compliant for enclosed spaces.

Magnetic Clamp-On Water Softener Descaler for Truckmount & Portable Carpet Cleaning Machines 20260425

- Helps prevent scale buildup in pipes, coils, heaters, and carpet cleaning heat exchangers
- Reduces or eliminates routine monthly descaling in many applications
- Clamp-on installation — no cutting, plumbing, salt, chemicals, or cartridge replacement
- Maintenance-free design — no salt, resin, plastic pellets, filters, or media to flush
- Improves heat transfer efficiency by helping keep mineral buildup off heater surfaces
- May improve water flow / GPM by helping reduce mineral restriction over time
- Only 4 inches long for installation in tight areas on portable and truckmount equipment
- Longer Equipment lifespan
