Nilfisk Advance 56383325 SW4000 Rider Sweeper - 49" Sweeping Path and (4) 310 Ah Wet Batteries with Air Mover and Freight Included

Description

This 49" Advance SW4000 rider sweeper has a 49 inch sweep path with the ability to cover up to 94,200 ft²/hour. The operator intuitive front wheel steering and front wheel drive allow superior maneuverability in tight corners and narrow aisles. For use in diverse indoor and outdoor applications, this rider sweeper maximizes cleaning performance while reducing the total cost to clean.

The Advance SW4000 rider sweeper is designed to simplify sweeping with retractable, spring-loaded side brooms and rugged steel guards to greatly reduce machine damage. The One-Touch[®] sweeping capabilities enable all functions, including the main broom, side broom, and vacuum fan, to activate only when the sweeper is moving. This integration allows for up to 4.5 hours of run-time on a single battery charge while minimizing wear on the brooms.

The SW4000 rider sweeper features a timed Liberator[®] multi-frequency filter shaker that cleans the filter more effectively to restore airflow for maximum dust control. To ensure larger lightweight debris is captured, operators can activate the large debris pedal. Designed with a safe and efficient hydraulic high dump, this machine delivers exceptional productivity. With an unobstructed view, the high dump hopper easily deposits into a standard dumpster for safe handling and quick dumping, making this machine best-in-class for maneuverability.
