Model Number: Tucker-50HM

RHG Tucker-50HM TuckerÂ® High Modulus Carbon Fiber Pole | Window Cleaning Water Fed Pole 7 ft to 46 ft Extension FREIGHT INCL

Manufacturer: RHG Reach Higher Ground

Tucker® Carbon Fiber High Modulus Pole | Window Cleaning Water Fed Pole 7 ft to 46 ft Extension with FREE Freight

Description

This water fed pole is the highest quality model we offer. Made from high modulus carbon fiber and reaching an extended length of 46’, this water fed pole can clean commercial windows up to 4 stories in height without any of the extensions in use. Utilize the extensions and you can reach 70 even 80+ feet.
All of our carbon fiber water fed poles have a serious rigidity that allows you to really dig in, while saving your muscles and joints from extra work. Each comes with our unique reach-around gooseneck, allowing you to attach a coarse scrubbing pad to the back of the main GLIDE brush. This attachment allows you to flip the pole over and utilize the pad to clean, when there is a little extra grime that needs attention.
The Tucker® carbon fiber line water fed poles extend easily and clamp tightly with the Tucker® hand tightened clamping system. No glue is ever needed on our poles, and the clamps can be tightened or loosened on-the-fly.

What's included:

• Tucker® - HM-50 Carbon Fiber Water Fed Pole
• Tucker® GLIDE Window Cleaning Brush
• Tucker® LOCT Reach Around Gooseneck
• 100' of Tucker® Tuff Tubing
• 1 Set of Male and Female Quick Connects
• 1 Acme Tip - allows you to turn the pole into a trad pole at no additional charge
