Phoenix 4031877, Pre Filter, 18in x 18in x 1in, Case of 12, Restoration Equipment

Model Number: 4031877

Phoenix 4031877, Pre Filter, 18in x 18in x 1in, Case of 12, Restoration Equipment

Manufacturer: Phoenix

Phoenix 4031877, Pre Filter, 18in x 18in x 1in, Case of 12, Restoration Equipment
Description
The Phoenix 18x18x1 pre-filter is a first-stage filtration component designed for Phoenix air scrubbers. These pre-filters trap large dust particles and debris before they reach the HEPA filter, significantly extending HEPA filter life and maintaining optimal air scrubber performance. Each case contains 12 pre-filters for extended use in commercial water damage restoration and remediation applications.
Features

- 18 x 18 x 1 inch dimensions fit standard Phoenix air scrubber intake
- First-stage filtration protects expensive HEPA filters from large particles
- Case of 12 filters provides extended supply for professional use
- Compatible with Phoenix air scrubber models using 18x18x1 filter size
- Regular replacement ensures optimal air scrubber efficiency

Additional Information
Compatible with: Phoenix air scrubbers requiring 18x18x1 filters
Part Number: 4031877
Case Quantity: 12 filters
Replacement Part
