Model Number: 4039853

Phoenix 4039853, Duct Ring 14in DryMAX XL, Dehumidifiers

Manufacturer: Phoenix

Phoenix 4039853, Duct Ring 14in DryMAX XL, Dehumidifiers
Description
The Phoenix 14-inch duct ring is a professional accessory designed to expand the airflow distribution capabilities of DryMAX XL and DryMAX XL Pro commercial dehumidifiers. This adapter ring enables secure connection of 14-inch lay-flat ducting to the dehumidifier outlet, allowing restoration professionals to direct larger volumes of dehumidified air to remote areas of the workspace. Ideal for large-scale water damage restoration and structural drying projects where maximum airflow distribution is critical.
Features

- Larger 14-inch diameter moves greater volumes of dehumidified air compared to standard ducts
- Extends effective drying range to remote spaces and hard-to-reach areas
- Secure attachment ensures optimal airflow without leakage
- Essential for large loss restoration projects requiring extended coverage

Compatibility
Compatible with Phoenix DryMAX XL Dehumidifier
Compatible with Phoenix DryMAX XL Pro Dehumidifier
Part Number: 4039853
Genuine Phoenix OEM Accessory
