Model Number: 4028372

Phoenix 4028372, Lay Flat 12in Round x 250ft, Lightweight Poly Air Ducting, Restoration Equipment

Manufacturer: Phoenix

Phoenix 4028372, Lay Flat 12in Round x 250ft, Lightweight Poly Air Ducting, Restoration Equipment
Description
The Phoenix 12-inch lay-flat ducting is designed for use with Phoenix dehumidifiers and air movers, providing flexible airflow management for water damage restoration and drying applications. This 250-foot roll offers ample length for running ducts across large job sites while maintaining the lightweight portability restoration professionals need.
Features

- 250-foot roll provides abundant duct for long-distance airflow management
- Lightweight lay-flat construction for easy transport and storage
- 12-inch round diameter fits standard dehumidifier ports
- Flexible design for routing around obstacles on job sites

Compatibility
Compatible with Phoenix R250 dehumidifier
Compatible with Phoenix DryMAX XL dehumidifier
Works with 12-inch round inlet/outlet ports
Part Number: 4028372
