Ah AGM Batteries and Charger with Air Mover and Freight Included
Description

Efficiently clean and polish floors with this Advance BU800 20B floor burnisher. Featuring a powerful 2 1/2 hp pad motor that generates a brush speed of 2,000 RPM, this burnisher is designed to efficiently polish and maintain large floor areas. It has a spacious 20" deck that can cover up to 24,000 sq. ft. per hour, making it an ideal choice for educational facilities, hospitals, supermarkets, and hotels. The double-pivot pad driver ensures that the burnishing pad remains aligned and allows it to follow the floor contours for a consistent gloss. Plus, the self-regulating pad pressure makes it easier to use.

This floor burnisher features a rigid frame and 9 vibration isolators for a smooth performance. It has a self-lowering burnishing deck that automatically lowers to the floor when the palm switches on the handle are activated. The deck will automatically return to a raised position when the palm switches are released. This model also features passive dust control to improve indoor air quality. This system has a felt dust seal that directs dust straight into a dual-port dust bag, eliminating the need for mopping after brushing. This bag is easy to access for dust disposal.

This unit offers superior mobility and an optimal line of site during operation. Plus, it has an angle-activated safety switch that prevents the machine from operating when tipped back in the pad change position. The heavy-duty industrial caster wheels ensure simple mobility during operation and transport. With a noise level of just 68 decibels, this burnisher is designed to operate quietly, making it suitable for noise-sensitive environments. For superior convenience, the included (3) 12V, 234 Ah maintenance-free AGM wet batteries can be charged by the onboard charger without having to return to a charging station.

Kit Includes:

- Onboard charger
- (3) 234 Ah AGM batteries
