Phoenix 4032315, 25 ft 24/3 SJTW Power Cord with Lighted Plug, 215V

Model Number: 4032315

Phoenix 4032315, 25 ft 24/3 SJTW Power Cord with Lighted Plug, 215V

Manufacturer: Phoenix

Phoenix 4032315, 25 ft 24/3 SJTW Power Cord with Lighted Plug, 215V
Description
The Phoenix 4032315 is a professional-grade 25-foot power cord designed for demanding restoration equipment applications. Featuring 24/3 gauge SJTW construction and a convenient lighted plug, this cord provides reliable power delivery for dehumidifiers, air movers, and other 215V equipment while allowing instant verification of power status.
Features

- 25-foot length provides flexible equipment positioning without extension cords
- Heavy-duty 24/3 gauge SJTW construction for durability and safety
- Rated for 215V equipment – ideal for restoration dehumidifiers and air movers
- Built-in lighted plug indicator for instant power status verification
- Water-resistant design for reliable operation in restoration environments
