Phoenix 4023080, MPC Coupling Insert for 3/8in Tube

Model Number: 4023080

Phoenix 4023080, MPC Coupling Insert for 3/8in Tube

Manufacturer: Phoenix

Phoenix 4023080, MPC Coupling Insert for 3/8in Tube
Description
The Phoenix 4023080 is a replacement insert designed for MPC quick-connect couplings used in Phoenix condensate management systems with 3/8-inch tubing. This precision-engineered insert ensures a tight, leak-free seal within the coupling body, maintaining optimal performance of your condensate removal system.
Features

- Ensures tight seal within coupling body
- Prevents leaks in condensate systems
- Precision fit for reliable performance
- Genuine Phoenix OEM part

Compatibility
Compatible with Phoenix MPC quick-connect couplings
Designed for 3/8-inch condensate tubing systems
Part Number: 4023080
OEM Phoenix replacement part
