Phoenix 4027327, Remote Thermostat for Firebird Heaters

Model Number: 4027327

Phoenix 4027327, Remote Thermostat for Firebird Heaters

Manufacturer: Phoenix

Phoenix 4027327, Remote Thermostat for Firebird Heaters
Description
The Phoenix 4027327 remote thermostat kit provides safe, convenient temperature control for Firebird heaters during restoration jobs. With its 25-foot cable, technicians can monitor and adjust heater output from outside the drying chamber, eliminating the need to enter hot environments.
Features

- 25-foot cable for remote operation
- Compatible with Phoenix Firebird heaters
- Allows temperature monitoring from safe distance
- Easy installation and setup
- Durable construction for job site use
