Model Number: 4032773

Phoenix 4032773, Power Cord Kit for Firebird Compact 20 Heater

Manufacturer: Phoenix

Phoenix 4032773, Power Cord Kit for Firebird Compact 20 Heater
Description
The Phoenix 4032773 is a professional-grade power cord kit designed specifically for the Phoenix Firebird Compact 20 heater. This comprehensive cord kit enables restoration professionals to connect the heater to multiple circuits, maximizing heat output and providing operational flexibility on demanding job sites.
Features

- Multi-circuit capability allows heater to draw power from separate electrical sources
- Maximizes heat output by distributing electrical load across multiple circuits
- Provides job site flexibility with both 25-foot and 50-foot cord lengths
- Professional 12-gauge construction ensures safe operation under full load

What’s Included

- Two 25-foot 12-gauge power cords for mid-range connections
- Two 50-foot 12-gauge power cords for extended reach applications
- Heavy-duty 12-gauge wire construction for safe, reliable power delivery
- Compatible with Phoenix Firebird Compact 20 heater
