HydroForce CP16GL-4 Advanced Fabric Protector, 4/1 Gallon CASE 107279

Model Number: CP16GL-4

HydroForce CP16GL-4 Advanced Fabric Protector, 4/1 Gallon CASE 107279

Manufacturer: HydroForce

Advanced Concentrated Fluorochemical Protector
Advanced is one of the finest carpet protectors on the market.
Advanced is a fluorocarbon water-based products specially designed to protect carpets from wet and dry soils. They are both CFC and solvent free. There is no quality protector on the market with more repellency than Advanced and your customers will be highly impressed when spills bead up on the carpet surface allowing them to be removed before wicking and staining occur.
Advanced also has improved protection against oil and water based spills and outstanding dry soil resistance so carpets look great year after year.
Advanced is great as part of a two protector sales system.

- Freeze/Thaw Stable
- Covers 1,000 sq. ft. per concentrated gallon
- May be applied with the Hydro Force Injection Sprayer.
- Dilut.= 1:4
