Model Number: T-103-16-CF

RHG T-103-16-CF Tucker 16in Carbon Fiber Extendable Gooseneck extends to 27in

Manufacturer: RHG Reach Higher Ground

Tucker 16in Carbon Fiber Extendable Gooseneck extends to 27in

Description

The Tucker® carbon fiber goosenecks help you reach over deep window ledges. The water fed pole goosenecks come in 3 sizes and each size is extendable.

- • 12" carbon fiber gooseneck extends to 16"
- • 16" carbon fiber gooseneck extends to 27"
- • 23" carbon fiber gooseneck extends to 36"

Simply remove the tip in your #1 clamp on your Tucker® water fed pole and insert this gooseneck in its place. Incredibly light weight being that they are made from carbon fiber. These are designed specifically for our new clamps and will also fit other popular brands on the market today.
