Brochure

Print Manual:

Shark's BRE series electric-powered pressure washers feature 5 GPM at 5000 PSI cleaning power

These new Shark Series roll cage models feature cleaning power of 5000 PSI and are available with either 230/3 phase or 460/3 phase. These units are specialty machines perfect for use in the marine market cleaning the bottom of boats or in the concrete industry for cleaning trucks, forms and handling equipment. â€ˆHoses, wands, guns and fittings are high-pressure rated and both models are ETL safety certified

PRODUCT OVERVIEW

• Rugged steel chassis & roll cage
• Belt-drive crankcase pump
• Cleaning power of 5000 PSI
• 50’ high-pressure hose
• 20 HP Baldor motor
• 13” tubed pneumatic tires

Shipping

All pressure washers are shipped FREE to anywhere in the lower 48 states. to commercial address. A $120 fee applies to residential address.

However, the accessories often ship separately from different manufacturers in different locations.

We only charge shipping on the accessories – not the pressure washers.

We ship to Alaska, Hawaii and Canada. Standard shipping rates will be charged to these destinations.

Changes to the delivery address requested after the product ships will incur a $50 reconsignment fee.

Lift-Gate Service
Have Your Pressure Washer Unloaded Safely

Pressure Washers Direct gives you the option to order "Lift Gate Service" on all pressure washers that weigh more than 100 lbs.

The fee for this optional service is $80.

Due to the weight of these pressure washers, they cannot be shipped via UPS Ground.

Instead, they are shipped via semi-trucks, which are designed to unload products at loading docks and freight terminals.

If you have a loading dock or forklift, you do NOT need liftgate service.

If you are a residential customer, you must have AT LEAST 2-4 able-bodied people present to unload the pressure washer.

While some truck drivers are kind enough to help, they are not required to help you lift the products.

If you do not have the equipment or manpower, you can order a special truck equipped with a hydraulic lift to safely lower the product from the truck to the ground.
