RHG T-DI-Bravo-1CF-SC Tucker Water Fed Pole - DI Tank Kit w/ Bravo Water Fed Pole, Hose Reel, and Window Screen Cleaner

RHG T-DI-Bravo-1CF-SC Tucker Water Fed Pole - DI Tank Kit w/ Bravo Water Fed Pole, Hose Reel, and Window Screen Cleaner

- Low TDS (total dissolved solids) area where cost of purification is low
- High TDS area in conjunction with a Tucker® reverse osmosis system for high volume production.

The benefit of a large DI tank like this is that you can run many gallons per minute through it and still get ultra pure water compared to smaller DI systems that need to run at much lower flow rates to achieve the best water. Simple 3/4" brass garden hose fittings on inlet and outlet. Hook up your tap water supply hose to the inlet and your pure water supply line to the outlet. As the tap water flows through the system it is purified by the Tucker® virgin DI resin that is included in this kit.
Looking for DI resin? CLICK HERE
The DI Tank Kit includes the following:

QTY 1 - 3/4" female swivel brass garden hose inlet fitting
QTY 1 - 3/4" male brass garden hose outlet fitting
QTY 1 - 1 cubic foot DI tank
QTY 1 - 1 cubic foot Tucker® virgin DI resin in reusable bucket
QTY 1 - large mouth funnel for filling your DI tank
QTY 1 - Tucker® handheld TDS meter for checking water purity
QTY 1 - roll of teflon tap for brass fitting installation

Specs:
9" wide x 35" tall
Estimated 1600 gallons per resin change at 100 Parts per million incoming water quality.

Tucker® Bravo Water Fed Pole
The Tucker® Bravo pole is an incredibly affordable water fed pole geared towards those wanting to work 3 stories and lower. It is made from high quality hybrid sections which are a blend of carbon fiber and fiberglass. The addition of the fiberglass does add a bit of flex to the pole at full extension, but it also brings down the cost. Includes the all new Tucker® V2 clamps, the Tucker® GLIDE brush,
Specs:

Fully extended height: 22 feet 6 inches
Collapsed length: 5 feet 7 inches
Weight: 3 pounds
Total number of sections: 5

Great pole for employees All of our commercial window cleaning equipment is guaranteed to satisfy. These poles are Made in the USA from US and Imported parts. The Tucker® brand has been used by thousands of professional window cleaners for decades. As the oldest manufacturer of window cleaning equipment, we take pride in providing the best products in the industry.

RHG T-DI-Bravo-1CF-SC Tucker Water Fed Pole - DI Tank Kit w/ Bravo Water Fed Pole, Hose Reel, and Window Screen Cleaner

Tucker® Hand Carry Hose Reel w/ Premium Pure Water Hose
Never leave home without one! The Highest quality hand carry hose reel on the market today.
Made of powder coated laser cut steel and machined aluminum. Built in braking system to slow the speed of the hose coiling. Assembled in the USA.
3/4" Brass garden hose inlet
3/4" Brass garden hose outlet
Comes with 150' of 3/8" ID hose
Optional Reel Base Mounting system available HERE! Mount the reel base and lock in your reel. Remove when you want. Carry your reel to and from locations or bring it inside to winterize it.

The Tucker® Screen Cleaner
The Tucker® Screen Cleaner makes quick work of the messy process of cleaning window screens. Made in USA from high quality components (no plastic parts to break). Our Screen Cleaner does not tip easily like other models on the market today. Includes a foot valve for easy on/off water flow.
Simply hook connect a garden hose to the inlet and the water bar sprays water through the entire brush as you work the screen back and forth to agitate the dirt and debris on the screen surface. Towel dry and you're all set. Set it up in your customers front yard and it's guaranteed to turn heads from the neighbors. Learn more about the screen cleaner here!

All RHG and Tucker® brand purification systems, pole sections, and clamps come with a 10 year warranty and are assembled in the US.
