Tucker Swiveling Gooseneck V2 w/ Quick Release for Clamp #1

Description

The Tucker® swiveling gooseneck is a must have for any professional looking to tackle odd angles with their water fed pole. The swivel moves from side to side and can easily be adjusted to make the swivel action loose or rigid, depending on the operators preference. This design uses a quick release stem that attaches to the #1 clamp of your Tucker® pole for easy adjustment.
Made in USA of strong plastic material. These goosenecks are proven to last.
