Here at Tucker®, our ONLY job is to help you, the window or solar panel cleaning professional, be the best you can be. Part of that commitment is standing behind our products. We guarantee all Tucker® pole sections and clamps to be free from manufacturer defects for life. We warranty all other products (except for filtration components like RO membranes, filters, etc.) for one year from the day you receive them. If you experience a problem with your water-fed pole, brush, or system, reach out to us, and we'll make it right.
We invented water-fed in 1957, and it is all we've done since then. We are constantly striving to improve our products, which is why your feedback is very important to us. Please let us know if you are unhappy with any Tucker® product you've purchased, and we will do everything in our power to make it right. You can rely on your Tucker® equipment to be at the highest caliber of quality and effectiveness, and we'll always strive to give you exceptional service. That's the Tucker® guarantee.

Note: We highly recommend you familiarize yourself with appropriate PPE to be used when working on or around electrical hazards including, but not limited to dielectric boots and gloves.
