RHG T-4060-KIT-40 Tucker T-4060 4-Stage RO/DI System Kit w/ Hose Reel and Tucker-40 Water Fed Pole 40ft Reach

Model Number: T-4060-KIT-40

RHG T-4060-KIT-40 Tucker T-4060 4-Stage RO/DI System Kit w/ Hose Reel and Tucker-40 Water Fed Pole 40ft Reach

Manufacturer: RHG Reach Higher Ground

Tucker T-4060 4-Stage RO/DI System Kit w/ Hose Reel and Tucker-40 Water Fed Pole 40ft Reach

Description

This kit is designed for those looking for more water flow for faster rinsing in all water conditions.

This bundle includes our:

• Tucker® 4-Stage RO/DI Mobile Cart - The 4060
• Tucker® Hand Carry Hose Reel with 150' of 3/8" ID hose
• A Tucker-40 Water Fed Pole

The Tucker® 4 Stage 4060 Water System
Tucker's commercial work horse! This system will produce more water than others making your cleaning time faster!
Most RO/DI systems on the market uses a 40" RO Membrane that can supply 1 pole on line pressure. Using (2) 40" RO Membranes gives you more flow and capacity, but the size and weight makes it completely impractical in a mobile application. At Tucker® we have the unique opportunity to produce 30" RO Membranes that produce nearly the same water as the leading 40" RO Membranes on the market and when we combine 2 of them you get the performance of 80" or RO Membrane, but in a much more compact design.
How's that? We use much lower operating pressure RO Membranes than anyone else in the market. This RO Membrane technology is ONLY available in Tucker® branded systems and all other systems simply can't compare.

• @60 PSI this unit produces 1.5 gallons per minute @ 70 degree water temp.
• @80 PSI this unit produces 1.91 gallons per minute @ 70 degree water temp.
• w/ the RHG 110v booster pump this unit produces 2.3 gallons per minute @ 70 degree water temp.

RHG T-4060-KIT-40 Tucker T-4060 4-Stage RO/DI System Kit w/ Hose Reel and Tucker-40 Water Fed Pole 40ft Reach

• Weighs approximately 95 pounds.

3/4" Brass garden hose inlet.
3/4" Brass garden hose outlet.

Tucker® Water Fed Pole - Tucker-40
The Tucker® water fed pole is an incredible tool for window cleaners everywhere. Tucker® is the oldest name in the industry, delivering the highest quality components with unique features that simplify your day. Made right here in the USA. Each of our standard line of carbon fiber, high modulus carbon fiber, and hybrid water fed poles comes with a GLIDE water fed brush, 100' of pole tubing, male and female quick connects, and our incredible reach-around gooseneck.

If you're looking for a water fed pole that will reach 3-story commercial windows, this is the pole that will make your working life easier. This economy line window cleaning pole has minimal bend, earning its rigidity from the high-quality carbon fiber that gives it strength while maintaining an extreme light weight.

This pole ranges from just under 7 feet when fully collapsed up to 36 feet when expanded to its full length. The variable height allows you to clean ground windows up to 3-story buildings. With a Tucker® brand water fed brush attached, the entire pole only weighs 6 pounds.

All Tucker® brand purification systems, pole sections, and clamps come with a 2 year warranty and are assembled in the US.
