Tucker® 150' Hand Carry Hose reel w/ premium pure water hose
New hose reel from Tucker®. The Highest quality hand carry hose reel on the market today. Made of powder coated laser cut steel and machined aluminum. Assembled in the USA. Comes complete with 150' of 3/8" premium hose line.
3/4" Brass garden hose inlet.
3/4" Brass garden hose outlet.

Tucker® Water Fed Pole - Tucker-50HM
The Tucker® water fed pole is an incredible tool for window cleaners everywhere. Tucker® is the oldest name in the industry, delivering the highest quality components with unique features that simplify your day. Made right here in the USA. Each of our standard line of carbon fiber, high modulus carbon fiber, and hybrid water fed poles comes with a GLIDE water fed brush, 100' of pole tubing, male and female quick connects, and our incredible reach-around gooseneck.

This water fed pole is the highest quality model we offer. Made from high modulus carbon fiber and reaching an extended length of 46’, this water fed pole can clean commercial windows up to 4 stories in height without any of the extensions in use. Utilize the extensions and you can reach 70 even 80+ feet.

The Tucker® Screen Cleaner
The Tucker® Screen Cleaner makes quick work of the messy process of cleaning window screens. Made in USA from high quality components (no plastic parts to break). Our Screen Cleaner does not tip easily like other models on the market today. Includes a foot valve for easy on/off water flow.
Simply hook connect a garden hose to the inlet and the water bar sprays water through the entire brush as you work the screen back and forth to agitate the dirt and debris on the screen surface. Towel dry and you're all set. Set it up in your customers front yard and it's guaranteed to turn heads from the neighbors. Learn more about the screen cleaner here!

All Tucker® brand purification systems, pole sections, and clamps come with a 2 year warranty and are assembled in the US.
