Tucker® Water Fed Pole - Tucker-15 Junior
The Tucker® water fed pole is an incredible tool for window cleaners everywhere. Tucker® is the oldest name in the industry, delivering the highest quality components with unique features that simplify your day. Made right here in the USA. Each of our standard line of carbon fiber, high modulus carbon fiber, and hybrid water fed poles comes with a GLIDE water fed brush, 100' of pole tubing, male and female quick connects, and our incredible reach-around gooseneck.

The Tucker®-JUNIOR Water Fed Pole is a 3 section ground-level pole designed to reach windows up to 15 feet in height. Made from a blend of standard modulus carbon fiber and fiberglass, this pole still maintains a good rigid frame at an ultra low cost. The Tucker®-JUNIOR collapses to a height of 52 inches, and weighs in at only 2 pounds, even with a window cleaning brush attached.

RHG T-FNG-KIT-DUAL-15-22-150 Tucker Dual User Fill N Go RO/DI Kit w/ Tucker-15 AND Tucker-BRAVO Poles 15ft & 25ft Reach

The Tucker® water fed pole is an incredible tool for window cleaners everywhere. Tucker® is the oldest name in the industry, delivering the highest quality components with unique features that simplify your day. Made right here in the USA.

Each of our standard line of carbon fiber, high modulus carbon fiber, and hybrid water fed poles comes with a GLIDE water fed brush, 100' of pole tubing, male and female quick connects, and our incredible reach-around gooseneck.

The Tucker® Bravo pole is an incredibly affordable water fed pole geared towards those wanting to work just lower level floors. Made from high quality hybrid sections which are a blend of carbon fiber and fiberglass. The addition of the fiberglass does add a bit of flex to the pole at full extension, but it also brings down the cost. Made with the all new Tucker® V2 clamps and including the Tucker® GLIDE brush.

All Tucker® brand purification systems, pole sections, and clamps come with a 2 year warranty and are assembled in the US.
