Nilfisk Advance 56394693 SC2000 X20D EcoFlex 20"Floor Scrubber Li-Ion Battery 18.5 Gal Air Mover Freight Included

Manufacturer: Nilfisk Advance

Nilfisk Advance 56394693 SC2000 X20D EcoFlex 20" Compact Ride-On Floor Scrubber with 64 Ah Li-Ion Battery, Onboard Charger, and Pad Holders - 18.5 Gallon with Air Mover and Freight Included
Description

This Advance SC2000 X20D EcoFlex floor scrubber effectively cleans floors in large spaces such as hospitals, schools, and hotels. This scrubber offers a maximum run time of 3 1/2 hours, and it has a 20" scrub path with a cleaning rate of up to 32,560 sq. ft. per hour. It offers both a 33 lb. and 66 lb. scrub pressure to get the job done. It also boasts a powerful 310W vacuum motor and a 450W brush motor with a 155 RPM brush speed to effectively remove dirt and grime. Both the solution tank and recovery tank have an 18.5 gallon capacity to require less dumping and refills, and they are made of durable, chemical-resistant polyethylene. This floor scrubber is extremely easy to operate with an intuitive multifunction display integrated into the steering wheel and a One-Touch control panel located on the dashboard.

This floor scrubber is equipped with SmartFlow technology to prevent it from dispensing excess solution when the machine is slowed down or maneuvering around obstacles. The SmartFlow feature combined with the large 18.5 gallon tanks helps extend the time between dump and refill cycles by up to 50%. It also helps to prevent waste and reduces the risk of slipping and falling on excess water or solution. This unit also features an EcoFlex system which allows your machine to use significantly less detergent and water. This increases productivity and lowers environmental impact for a more sustainable cleaning routine.

This compact floor scrubber is designed for excellent maneuverability and operates at up to 3.7 MPH, and it has a quiet mode to emit only 62 decibels for daytime cleaning. It allows operators to access the seat from both sides, and it offers an ergonomic working position and foot pedal for comfortable use. It has electric actuators for lowering and raising both the deck and squeegee by simply pushing a button. The included pad holders make it easy to click on and off brushes (sold separately) to change cleaning applications. A debris catch helps prevent clogging in the recovery tank. For superior convenience, the included (2) 12V, 140 Ah maintenance-free AGM batteries can be charged by the onboard charger without having to return to a charging station.

Kit Includes:
- Onboard charger
- Pad holders
- Li-Ion battery
