Description

Husqvarna EZ tool system is a complete tool offering stemming from the HTC legacy. It largely features the EZchange attachment system and is based on the same technology and logic on how to choose and use it as before.

Features

- An all-around polishing series with capabilities to reach high gloss levels already from grit 1500 and up, at the same time improved cutting rates on lower grits
- Reach high gloss and distinctness of image levels earlier in the polishing process
- Available from already #1500 with excellent cutting ability
- EZchange system - no screws, no hook-and-loop fasteners
