Freight Included

Manufacturer: US Products

NEW Pegasus Pro 1350 Psi Carpet Extractor

The Pegasus Platinum 1350 was engineered for hard surfaces and long usage in high traffic commercial and industrial environments with stone, concrete, tile and grout flooring. With a Leeson 2HP AC motor, typically used in truck mounts, and Cat Ceramic Plunger Pump, the Platinum is the only portable unit on the market that allows for 6,000 hours of runtime before requiring rebuild. With top mounted dual 5.7 3-stage vacuum motors mounted in parallel that produce 200 CFM and 100" of lift allowing for up to 150 ft of hose length with excellent water recovery and dry time. The 15 GPM auto dump offers non-stop, high production hard surface cleaning. Purchase this machine on its own or as a package with the Revolver XP Hard Surface Tool and a 50" hose set.

The U.S. Products Pegasus Platinum 1350 is proudly built in the USA and includes an industry-leading warranty.

#### Standard Specifications

##### Vacuum
