Transfer Flow 0800116625 50 Gallon In-Bed Under Tonneau Cover Auxiliary Diesel Fuel Tank System For Pickup Trucks

Manufacturer: Transfer Flow Inc

Transfer Flow 0800116625 50 Gallon In-Bed Under Tonneau Cover Auxiliary Diesel Fuel Tank System

The Auxiliary Fuel Tank Designed to Fit Ford, Ram and GM Pickup Trucks with long and short beds

The 50-Gallon Auxiliary Fuel Tank System – Unmatched Compatibility and Convenience

The Transfer Flow 50-Gallon In-Bed Auxiliary Fuel Tank System is a premium, low-profile auxiliary tank designed to fit most full-size trucks and slide easily under most bed covers and tonneau covers. Constructed from high-yield 12-gauge U.S. aluminized steel, this tank delivers exceptional strength, corrosion resistance, and long-lasting durability for heavy-duty use.

Providing an extra 50 gallons of fuel, the system automatically transfers fuel into your primary tank via the TRAX 4™ operating system. TRAX 4™ offers computer-controlled automatic fuel transfers, ensuring safer, more reliable, and worry-free operation than traditional gravity-fed systems. Fuel is transferred at predetermined levels while your truck is in motion, and the TRAX 4™ mobile app lets you monitor both your main and auxiliary tanks in real time from your smartphone for maximum convenience and control.

With the Transfer Flow 50-Gallon In-Bed Auxiliary Fuel Tank, you get unmatched capacity, durability, and control—keeping you on the road longer and giving you peace of mind every mile of the way.

Why You'll Love It:

It's low profile height allows it to fit under most over-the-rail toolboxes and bed covers

Robot-welded seams for extraordinary strength

Complete installation kit included

TRAX 4™; automatic fuel transfers for hassle-free operation

>

Built from 12- & 14-gauge high-yield U.S. aluminized steel for superior durability

Baffled to prevent fuel sloshing

6-year, unlimited-mile warranty

Proudly made in the USA from American-made steel

TRAX 4 Mobile App

Want to know the status of your on-board fuel systems? Simply download the TRAX 4 app to your smartphone and enter your vehicle and fuel system information. In no time, you'll be able to monitor your pickup's fuel capacity! During fuel transfer, the message "PUMP ON" will be displayed. With the TRAX 4 app, you'll be able to monitor:

- Fuel levels shown in your main and auxiliary tanks
- Gallons or percentage of fuel shown in each fuel tank
- Fuel system operating status, including when fuel is being transferred
- Your Distance to Empty in miles

Fits 2008 and newer Ford, 2010 and newer GM/Chevy, Ram trucks

Shipping weight 195 lbs
