Model Number: 0800116755

Transfer Flow 0800116755 75 Gallon In-Bed Auxiliary Diesel Fuel Tank System For Pickup Trucks

Manufacturer: Transfer Flow Inc

Transfer Flow 0800116755 75 Gallon In-Bed Auxiliary Diesel Fuel Tank System

The Auxiliary Fuel Tank Designed to Fit Ford, Ram and GM Pickup Trucks with long and short beds

The 75-Gallon Auxiliary Fuel Tank System – Unmatched Compatibility and Convenience

Our 75-Gallon In-Bed Auxiliary Fuel Tank delivers substantial extra fuel capacity, dramatically extending your driving range while taking up less bed space than some of our larger tanks. Constructed from high-yield 12-gauge U.S. aluminized steel, this tank offers exceptional strength, corrosion resistance, and long-lasting durability for heavy-duty use.

The system is managed by our TRAX 4™ operating system, which provides computer-controlled automatic fuel transfers that are far safer and more reliable than traditional gravity-fed setups. Fuel is automatically transferred at predetermined levels based on your main tank and auxiliary tank capacities while the vehicle is in motion. For added convenience and control, the TRAX 4™ mobile app lets you monitor both tanks in real time from your smartphone, giving you complete oversight of your fuel supply wherever the road takes you.

With an extra 75 gallons of onboard fuel, you can drive further with confidence knowing you’ll have the fuel to reach your destination without interruption.

Why You'll Love It:

It's low profile height allows it to fit under most over-the-rail toolboxes and bed covers

Robot-welded seams for extraordinary strength

Complete installation kit included

TRAX 4™ automatic fuel transfers for hassle-free operation

Built from 12- & 14-gauge high-yield U.S. aluminized steel for superior durability

>

Baffled to prevent fuel sloshing

6-year, unlimited-mile warranty

Proudly made in the USA from American-made steel

TRAX 4 Mobile App

Want to know the status of your on-board fuel systems? Simply download the TRAX 4™ app to your smartphone and enter your vehicle and fuel system information. In no time, you'll be able to monitor your pickup's fuel capacity! During fuel transfer, the message "PUMP ON" will be displayed. With the TRAX 4™ app, you'll be able to monitor:

- Fuel levels shown in your main and auxiliary tanks
- Gallons or percentage of fuel shown in each fuel tank
- Fuel system operating status, including when fuel is being transferred
- Your Distance to Empty in miles

Fits 2008 and newer Ford, 2010 and newer GM/Chevy, Ram trucks

Shipping weight 182 lbs

Use dimensions: 60 3/4" L x 21" W x 22 1/2" H
