Nilfisk Advance AS5160-TPPL Viper Walk Behind Floor Scrubber 120 Ah TPPL Batteries Air Mover Freight Included

Manufacturer: Nilfisk Advance

Nilfisk Advance AS5160-TPPL Viper Walk Behind Floor Scrubber 120 Ah TPPL Batteries Air Mover Freight Included

Description

The Viper AS5160 is a robust and efficient floor scrubber designed for medium to large commercial spaces. Here's a detailed description of its key features and components:

Key Features:

- **Scrubbing Path:** The AS5160 features a 20-inch scrubbing path. This size provides a good balance between maneuverability and coverage, making it effective for cleaning both medium and large areas efficiently.

- **Tank Capacity:** It is equipped with a 16-gallon solution tank. This large capacity allows for extended cleaning sessions without frequent refilling, enhancing productivity and minimizing downtime.

- **Pad-Assist Drive:** The pad-assist drive system helps the scrubber move more easily over the floor by providing additional traction. This system assists with the forward motion of the machine, reducing operator effort and making it easier to handle.

- **Pad Driver:** The pad driver is included for securing cleaning pads. This component ensures that the pads stay in place during operation, which helps achieve consistent cleaning results.

- **Squeegee Assembly:** The AS5160 comes with a 31-inch squeegee assembly. The large squeegee effectively picks up water and solution from the floor, leaving surfaces dry and safe. The size of the squeegee assembly improves water recovery efficiency and cleaning performance.

- **Battery System:** The scrubber is powered by 120 Ah TPPL (Thin Plate Pure Lead) batteries. TPPL batteries are known for their high performance, durability, and fast charging capabilities. The 120 Ah capacity provides ample power for extended cleaning tasks.

- **Charger:** The machine includes a 25-amp shelf charger. This charger is designed

>

for efficient and rapid charging of the TPPL batteries, ensuring minimal downtime and reliable performance.

Benefits:

- **Efficient Cleaning:** The 20-inch scrubbing path, combined with the 16-gallon tank, allows for effective cleaning of large areas with fewer interruptions for refilling.
- **Enhanced Maneuverability:** The pad-assist drive system makes it easier to maneuver the scrubber, reducing operator fatigue and improving overall handling.
- **Effective Water Pickup:** The 31-inch squeegee assembly ensures thorough water recovery, which helps in maintaining a dry floor surface and improving safety immediately after cleaning.
- **Long Battery Life:** The 120 Ah TPPL batteries offer reliable power and longevity, supporting extended cleaning sessions and quick recharging with the 25-amp shelf charger.
- **Consistent Performance:** The pad driver ensures that cleaning pads stay securely attached, leading to more consistent and effective cleaning.
