Model Number: MH10A

Hydro-Force MH10A, Brush Pro, Replacement Carpet Brush, Standard, Blue, 10in, 1638-2210

Manufacturer: HydroForce

Hydro-Force, Brush Pro, Replacement Carpet Brush, Standard, Blue, 10in
Features

- Single item.

- The blue brushes are the standard brushes used on the MH10 10" Brush Pro and are good for all-around cleaning including carpet, tile and grout, and stairs.

- These brushes are sold by the pair and are the perfect replacement for your 10” Brush Pro Machine Brushes. There are 3 different brushes available for the 10” machine, soft, standard and stiff.

- The standard blue brush is the most common and the most versatile. Many contractors use the 10” machine solely for agitation of their pre spray, prior to hot water extraction. If you do a lot of high end properties with wool or other delicate carpets, you should have a set of the white brushes on hand.
