Clean Storm 10-0803, Rocker Switch 2 Position On/Off, 4 pinned Mytee E515, Sandia Plastic 10-0803, Kaivac 86162010

Model Number: 10-0803

Clean Storm 10-0803, Rocker Switch 2 Position On/Off, 4 pinned Mytee E515, Sandia Plastic 10-0803, Kaivac 86162010

Manufacturer: Clean Storm

Clean Storm 10-0803 2-Position Heavy-Duty Rocker Switch (16A, 12V-240V) with Splash Cover

Description

The Clean Storm 10-0803 is a versatile, heavy-duty 2-position (ON/OFF) rocker switch engineered for high performance across a wide range of commercial cleaning equipment. Featuring a Single Pole Double Throw (SPDT) configuration, this switch allows you to control two separate operational circuits with a single toggle. Built to handle currents up to 16 amps and operating voltages ranging from 12V DC to 240V AC, it serves as an ideal replacement component for carpet extractors, auto scrubbers, pressure washers, and floor machines.

Each switch comes equipped with a clear, water-resistant splash cover to shield internal electrical components from moisture, chemical overspray, and debris. Quick and easy installation is made possible via four rear-mounted 1/4" male spade connectors. Compatible with leading industry brands including Mytee, Kaivac, Karcher, Prochem, Windsor, and EDIC.

Note: Switch color is subject to inventory availability and may ship in black, red, green, or blue.

Features

- SPDT Control: Single Pole Double Throw functionality enables single-touch operation for two separate machine components.
- Wide Voltage Range: Rated for low-voltage and high-voltage applications from 12V DC up to 120V–240V AC.
- Splash-Resistant Protection: Includes a protective, clear water-resistant rubber boot/cover to prevent moisture damage during cleaning operations.
- High Electrical Rating: Built to safely handle up to 16 amps of electrical current.
- Universal Spade Terminals: Equipped with four 1/4" male push-on spade connectors for straightforward wiring and replacement.
- Broad Compatibility: Fits commercial carpet cleaning extractors, floor buffers, and pressure washers from major equipment manufacturers.

Technical Specifications

Clean Storm 10-0803, Rocker Switch 2 Position On/Off, 4 pinned Mytee E515, Sandia Plastic 10-0803, Kaivac 86162010

Brand / Manufacturer
Clean Storm

Part / SKU Number
10-0803

Switch Type
Rocker Switch

Positions
2-Position (ON / OFF)

Circuitry / Configuration
Single Pole Double Throw (SPDT)

Pin Count
4-Pin

Terminal Type
1/4" Male Push-On Spade Terminals

Amperage Rating
16 Amps

Voltage Rating
12V – 240V AC/DC

Included Accessories
Clear Water-Resistant Splash Cover

Available Colors
Assorted (Black, Red, Green, Blue - Varies by Stock)
