Husqvarna 597925201 Light Kit for PG6 and PG8 series Grinders

Model Number: 597925201

Husqvarna 597925201 Light Kit for PG6 and PG8 series Grinders

Manufacturer: Husqvarna Equipment

Husqvarna 597925201 Light Kit for PG6 and PG8 series Grinders

Take control of your grinding environment with the Husqvarna 597925201 Light Kit, engineered specifically for PG-series planetary grinders. This dual-LED system dramatically improves visibility in low-light conditions, helping operators see surface imperfections, tool marks, and edge transitions with precision.

ðŸ’¡ Why This Light Kit Matters
Concrete grinding often happens in dim, dusty, or poorly lit environments. Without proper lighting, operators can:

- Miss uneven areas
- Leave swirl marks or shadowing
- Reduce overall finish quality

This light kit solves that problem by delivering focused, high-output illumination directly at the grinding surface.

âš™ï¸• Key Features

- Dual LED Light Pods
- Bright, wide-angle illumination for full surface visibility
- Direct Mount Design
- Engineered to integrate seamlessly with Husqvarna PG grinders
- Rugged Construction
- Built to withstand dust, vibration, and jobsite conditions
- Integrated Wiring Harness & Switch
- Simple, clean installation with operator control

ðŸ”§ Compatibility

Fits:

- Husqvarna PG6 / PG6s
- Husqvarna PG8 / PG8s
- Other compatible PG-series planetary grinders

Steambrite Supply

Equipment: Hard Surface Cleaning Supplies > Floor Grinders > Husqvarna 597925201 Light Kit for PG6 and PG8 series Grinders

Husqvarna 597925201 Light Kit for PG6 and PG8 series Grinders

ðŸ“¦ What’s Included

(2) LED Light Assemblies
Wiring Harness with Switch
Mounting Hardware

ðŸš€ Performance Benefits

See grinding patterns in real-time
Improve edge work and detail finishing
Reduce rework and callbacks
Increase productivity in low-light jobsites

ðŸ§ Pro Tip
For best results, pair this light kit with:

A HEPA dust collection system
Proper diamond tooling (EZ Wing or equivalent)

This combination gives you maximum visibility + surface control.

âš ï¸ Installation Notes

Designed for dealer or experienced contractor installation
Ensure wiring is properly secured and protected from moving parts
