Transfer Flow 0800116188 40 Gallon In Bed Diesel Fuel Tank with tool box for Ford Ram GM

Elevate Your Truck's Capabilities With The Ultimate 40-Gallon Auxiliary Fuel Tank and Toolbox Combo.

Our 40-gallon auxiliary fuel tank and toolbox combo is your all-in-one solution for increased fuel capacity and organized tool storage. Crafted to fit seamlessly with your truck bed rails, this ingenious design improves your vehicle's fuel capacity while maintaining compatibility with most fifth-wheel hitches. With an impressive 6 cubic feet of secure, lockable storage, your tools and equipment remain accessible and protected, whether you're tackling a tough job or enjoying a weekend adventure. Harness the power of Transfer Flow's cutting-edge TRAX 4™ technology that streamlines fuel management like never before. Featuring automatic fuel transfer, this system ensures a smooth, stress-free experience by monitoring fuel levels and handling transfers on the go. Stay informed with real-time updates right on your mobile device.

The TRAX 4 mobile app serves as your command center, allowing you to monitor fuel levels easily, determine miles-to-empty (MTE), and track fuel transfers—all from the convenience of your smartphone. With up-to-date insights on both your main and auxiliary tanks, planning your refueling stops is simpler than ever, making your trips more efficient. Proudly made in the USA, this combo is an essential upgrade for those who prioritize efficiency and security on the road.
