Description
Unleash Endless Steam!
Meet Mytee’s new & improved 1700 Focus™ Vapor Steamer! This latest version of the Focus steamer features a newly-added preheater, helping it consistently put out hotter, drier steam than ever before—now up to 115 psi—to tackle even the most demanding cleaning challenges!

Melt grease and grime on a wide range of surfaces without the downtime thanks to the continuous-fill design, which refills the kettle automatically as you clean! No more time-consuming stoppages to cool, refill, and reheat.

The applications for high-temperature steam cleaning are practically endless. You can remove dried dirt and grime from upholstery, eliminate hard water spots in the bathroom, quickly sanitize high touch areas without harsh chemicals, blast through brake dust and engine grease, melt away gum and sticky residues… all with the power of high-temperature steam! Put the 1700 Focus™ Vapor Steamer to work for you today, and see what other challenges simply evaporate!

After purchasing one or more Mytee® extractors, make the most of your sound investment by ordering our System Maintainer. Use Mytee’s System Maintainer regularly for maximum performance and pressure and to prolong the life of your machine.
Features

- 5-gallon tank capacity
- 115 PSI output
- Heavy duty pressure kettle with 1,750 watt heating element
- Pump-driven automatic fill
- NEW Pre-heater ensures consistent dry steam
- Disinfecting steam up to 350°F
