Husqvarna 970817401, LF 100 PACE Asphalt and Soil Machine, Forward Plate 500mm, Compactors, GTIN 6151818033064

Manufacturer: Husqvarna Equipment

Husqvarna 970817401, LF 100 PACE Asphalt and Soil Machine, Forward Plate 500mm, Compactors

#### Description

LF 100 PACE is a fast-operating forward plate compactor designed to efficiently compact soil and asphalt, such as driveways and parking lots. Powered by the Husqvarna PACE battery platform, it can deliver the same performance as equivalent petrol versions. Use it for a wide range of repair and maintenance work, including general contracting, landscaping, hardscaping and infrastructure applications. Built for durability and low maintenance, LF 100 PACE is easy to use and operate. Because it produces no direct emissions or exhaust fumes, LF 100 PACE can contribute to a cleaner working environment for the operator. The battery and charger can be used together with other Husqvarna machines on the PACE battery platform. LF 100 PACE is wider and heavier than LF 75 PACE.

#### Features

- No direct emissions during use
- High productivity and efficiency
- Long run time
- Work in comfort for longer
- Low cost of ownership
- PACE battery platform
- The right amount of water
- Easy to use
