Innovative Surface Solutions 20RR 20in HARD Rubber Riser for Cheetah Pucks Freight Included

Model Number: 20RR

Innovative Surface Solutions 20RR 20in HARD Rubber Riser for Cheetah Pucks Freight Included

Manufacturer: Innovative Surface Solutions

Innovative Surface Solutions 20RR 20" HARD Rubber Riser for Cheetah Pucks

Made from one inch thick closed cell sponge rubber with velcro hook on one side and felt on the other.
Used to hold the Cheetah Pucks in place.
Designed for use on floors that do NOT have floor lippage during floor diamond honing
Attaches to you standard floor pad driver.
This part number is for the soft rubber disk only. Purchase Cheetah diamond honing pucks separately.

Optional:

Malish: Tri-Lok - 20 inch Pad Driver (trilock)

Has the clutch, riser and pad driver teeth all in one economical device!

Here's the current generation of our Cheetah Pads and Cheetah Pucks

As you know, our Line of Cheetah and Monkey Pads offer the industry a "Green Method" for most restoration and maintenance, and a far more environmentally friendly option for all limestone, travertine, marble, terrazzo, concrete, granite, engineered stone, and even VCT surfaces.
*In some situations use of other products may be recommended to achieve the desired outcome.

The differences between the Cheetah Pads and Monkey Pads are that
Cheetah Pads take the place of traditional diamond restoration pads for full restoration needs and the Monkey Pads are intended for light restoration, finish work and maintenance.

Steambrite Supply

Innovative Surface Solutions 20RR 20in HARD Rubber Riser for Cheetah Pucks Freight Included

Using a combination of the pads any desired outcome can be achieved with as much as a 50% reduction in labor and time on the job and reduction in products needed to cover all of the surface types out there in the field.

Step 1 replaces
=

50 grit, 100 grit, 200 grit, 400 grit

i.e. Our step 1 removes damage like a 50 grit traditional diamond but leaves the scratch pattern of a 400 grit.

Step 2 replaces =
200 grit, 400 grit, 800 grit

Step 3 replaces = 800 grit, 1500 grit, 3000 grit

Step 4 replaces
= 3000 grit, 8000 grit

If the highest level of clarity, color and gloss is desired you would follow this step with the 11,000 grit Monkey Pads wet and then dry.
