Roof Cleaner
The MOSMATIC roof cleaner DR-520 is an industrial quality tool specially designed for efficient, high pressure roof cleaning while keeping the operator in a safe operating area.

The premium MOSMATIC swivel ensures optimum performance under harsh conditions. This new design allows the operator to maneuver and lower the roof cleaner along the roof surface by using the high pressure hose and the safety cable. The height and width adjustable cleaner works for most common roof designs, adding safety and stability.

DR-520 up to 7300 psi!

Allows you to easily secure the roof cleaner with a safety rope or cable.
Swiveling Connector for easy hose connection.

Pressure Gage
Adjustable pressure guarantees efficient cleaning on any type of roof surface or pitch.

Ball Valve
Makes it easy and convenient to turn off the flow to the unit.
Shipping 28" X 22" 10" @ 32 lbs
Please note the Mosmatic tools do not come with any quick disconnects (QD) to hook the spray gun to the pressure washer or tile cleaning machine machine. The gun is threaded with 3/8" Female International Pipe (FIP) connection. Please add the correct pressure washing QD and/or carpet cleaning QD do your order.

Depending on roof material, it is recommended to use a little wider jet than what you would use on cement. Example instead of 15 degree jets use 25 degree jets so to spread out the spray pattern. The gallons per minute rating on the pump would be cut in half per jet (2 jets per machine.) For example a 5 gpm pump would use 25025 jets.
