Malish 890014, Solution Tank Hardware Kit, Orbital Machine, Carpet Cleaning, GTIN 6-15129-90014-0
Description
The Malish Solution Tank provides features designed to improve cleaning performance, reduce labor time, and limit the utilization of chemicals. The large-capacity, 4-gallon tank features durable, damage-resistant, rotational-molded polyethylene, machined brass hardware, and a flow control valve that allows operators to properly manage the amount of solution used during cleaning. Plus, multiple mounting patterns allow operators to quickly and easily install the Solution Tank on a wide variety of machines.
