Rotovac 360i Wand Power Head High Performance Carpet Tile Cleaning Air Mover Carpet Rake

Freight Included Bundle 20260520

Manufacturer: Rotovac

Rotovac 360i Professional Carpet & Tile Cleaning Bundle with Air Mover and Carpet Rake

Bundle #20260520 is designed for professional carpet cleaners who want faster agitation, improved soil removal, better dry-pass recovery, and a more complete job-site setup than buying the Rotovac 360i alone.

Bundle Includes

Item  
Purpose

Rotovac 360i Rotary Extraction Power Head

Multi-directional rotary extraction for carpet and optional hard-surface cleaning heads.

Hydro-Force / Grandi Groomer Carpet Rake

Pre-grooms traffic lanes, distributes prespray, and post-grooms carpet for a more professional finish.

XPower P-80A Mini Air Mover

Helps speed drying after cleaning and improves customer satisfaction.

Freight Included

Shipping cost is already built into this bundle price.

Why Upgrade from a Manual Wand?

A traditional carpet wand cleans primarily in forward and backward passes and depends heavily on operator effort. The Rotovac 360i uses rotating vacuum heads to produce hundreds of multi-directional cleaning passes, helping improve agitation, flushing, soil suspension, and extraction consistency.

- Reduces operator fatigue compared to aggressive manual wand scrubbing.
- Creates a visible marketing advantage for residential and commercial customers.
- Helps deliver more consistent cleaning results across traffic lanes and open areas.
- Works with many portable extractors and truckmounts that use standard wand

>

connections.

## Rotovac 360i Key Features

- Rotary jet extraction: rotating vacuum heads provide multi-directional cleaning passes.
- Variable head speed: adjustable from 0 to 250 RPM for different carpet types.
- Lightweight design: approximately 39 lbs.
- Low electrical draw: 120 volt, approximately 5 amp motor.
- Telescoping handle: easier storage and transport.
- Durable construction: cast aluminum and stainless steel frame.
- Professional use: built for carpet cleaning contractors, janitorial companies, restoration contractors, and in-house maintenance teams.
- Made in USA.

## Recommended Uses

### Application

#### How This Bundle Helps

#### Residential carpet cleaning

Better agitation and more uniform cleaning on traffic lanes and open rooms.

#### Commercial glue-down carpet

Variable speed control lets the operator slow the head for smoother operation.

#### Apartment turns and rental properties

Improves productivity where carpets need aggressive restorative cleaning.

#### Tile and grout cleaning

Optional tile brush head can expand the 360i into hard-surface cleaning work.

#### Customer-facing cleaning demos

The rotary action is easy for customers to see and understand as an upgrade over wand-only cleaning.

#### Carpet Rake Advantage

The included carpet rake helps make the job look better before and after extraction. Use it before cleaning to help work prespray into fibers and after cleaning to set the pile, remove wand marks, and leave a professional finished appearance.

#### Air Mover Advantage

>

The included mini air mover helps reduce dry time by increasing airflow across freshly cleaned carpet. Faster drying can reduce call-backs, improve customer satisfaction, and help rooms return to service sooner.  
Optional Rotovac 360i Heads

Optional Head  
Use

Carpet Brush Head  
Additional agitation for low profile carpet cleaning applications.

Tile Brush Head  
For tile, grout, and hard-surface cleaning work.

Carpet Cleaning Head  
Replacement or alternate rotary extraction head.

Bonnet Head  
For bonnet-style maintenance cleaning applications.

15 inch Quad Head  
Optional larger head for faster production in open areas (more CFM needed needed on your extraction equipment).

#### Machine Compatibility

The Rotovac 360i is designed to connect to professional portable extractors and truckmounts that normally operate a standard carpet cleaning wand. For best performance, use with an extractor that has strong vacuum recovery, adequate solution pressure, and enough heat and flow for the job being performed. Best performance suggestion: auto-fill, auto-dump, and higher vacuum performance extractors will reduce downtime and help maximize the cleaning benefit of the 360i.

#### Shipping Information

- Shipping weight: approximately 56 lbs for the Rotovac 360i carton.
- Shipping dimensions: approximately 37" x 23" x 22".
- Freight included: this bundle is priced with shipping included.

#### Frequently Asked Questions

Does the Rotovac 360i replace a carpet wand?

For many open-area cleaning jobs, yes, it can replace much of the manual wand scrubbing. Many cleaners still keep a standard wand for edges, tight spaces, stairs,

>

closets, and detail work.

Can I use it with a portable extractor?

Yes. The 360i is designed to work with many portable extractors and truckmounts that use standard carpet cleaning wand connections. Stronger vacuum and better water recovery will improve performance.

Why include a carpet rake?

The rake improves prespray distribution and leaves the finished carpet looking more uniform and professional.

Why include an air mover?

Air movement helps speed carpet drying, especially after restorative cleaning, heavy flushing, or jobs with limited ventilation.

Can it clean tile and grout?

Yes, with the optional tile brush head. The standard bundle is centered around the Rotovac 360i system, carpet rake, and air mover; optional heads may be purchased separately.

Is this a good business upgrade?

Yes. The Rotovac 360i is not just a cleaning tool; it is also a visible upgrade customers can understand. Rotary extraction can help separate your service from basic wand-only cleaning.

Most carpet cleaners today still use the old manual scrub wand method simply because it has been around for over 40 years. Using a manual wand requires a great deal of physical labor and only cleans from two directions, often producing only mediocre results. The manual wand is old technology and offers nothing new or different to market to your customers

#### Rotovac 360i Product Details

The Rotovac 360i is a Patent Pending Rotary Extraction Power Head that utilizes rotary vacuum heads to thoroughly deep clean carpet with hundreds of multi-directional cleaning passes. The 360i weighs only 39 lbs and is extremely easy to use as it operates in a self propelled side to side motion. Simply stated, "The 360i cleans better with less effort."

#### Features:

Cleans better with less effort

- Interchangeable heads for all type of Carpet and Tile Cleaning
- User friendly, weighs only 39lbs
- Telescoping handle for cleaning stairs and compact storage
- Durable Construction with Cast Aluminum and Stainless Steel Frame
- Unique Marketing Tool to land new accounts and generate referral business
- Industrially Engineered for Professional Use
- Made in the USA
- Variable Head Speed Control
- Low 5 amp motor at 120 volts

The 360i is equipped with a variable head speed control dial on the handle to allow the operator to adjust the head speed from 0 to 250 RPM.

This feature allows the 360i to adapt to all carpets from direct commercial glue downs to plush installed over pad residential carpeting. Glue down carpet may require a slower head speed for smooth operation and maximum recovery while installed over pad plush carpeting may need a faster head speed for best results.

Works with any Portable Extractor or Truck Mount

The Rotovac 360i is air flow calibrated to work with any portable or truck mount extractor that uses a standard 12" wide cleaning wand. Give your business a boost and your back a break by hooking up the 360 to your existing portable or truck mount.

Though the Rotovac works with any make, any model carpet cleaning extractor, maximize its performance we recommend a machine that is auto fill, auto dump, and has 6 stages of vacuum.

Carpet Cleaning Head:

The New Rotovac 360i is a Rotary Jet Extraction Power Head that utilizes rotating

>

vacuum heads to thoroughly deep clean carpet with hundreds of multi-directional cleaning passes. The new and improved carpet cleaning head is equipped with 3 stainless steel shoes and three spray jets to create less overspray, more agitation and quicker dry times.
