Model Number: U1260B

PMF U1260B 500PSI Clear Head Upholstery Detail Tool Brass Valve + High Pressure Hose Whip Open Spray 1.25Inch Pipe

Manufacturer: Production Metal Forming

PMF U1260B Clear Head Detail Tool – 500 PSI Economy Upholstery & Auto Detailer
The PMF U1560B is an economical open-spray clear head detail hand tool designed for heated carpet extractors and spotting machines under 500 PSI. The clear plastic head lets the operator see soil and moisture recovery while cleaning upholstery, stairs, vehicle interiors, fabric panels, cushions, and small detail areas.
Best Used For

- Auto detailing and vehicle upholstery cleaning
- Furniture, cushions, chairs, and fabric panels
- Spotting extractors and low-pressure portable extractors
- Small upholstery jobs where visibility of recovery is helpful
- Heated machines operating under 500 PSI

Important Compatibility Note
This tool is intended for heated machines under 500 PSI. Do not use this model on high-pressure or heated truckmount-style systems unless your system is regulated below the tool rating. For higher pressure or heated applications, choose a brass or stainless steel valve upholstery tool rated for that pressure and temperature.
Key Features

- 3-1/2 inch wide clear head allows the operator to see water and soil recovery
- External open spray design for economical upholstery and detail cleaning
- Impact-resistant plastic head keeps the tool lightweight
- Stainless steel tube handle is pressed on, not glued
- Easy-removal spray jet for cleaning and maintenance
- 1.25 inch OD vacuum tube fits NON-standard carpet cleaning vacuum hose cuffs
- 1/4 inch MIP solution hose end accepts common carpet cleaning quick disconnect fittings
- High pressure hose whip installed

PMF U1260B 500PSI Clear Head Upholstery Detail Tool Brass Valve + High Pressure Hose Whip Open Spray 1.25Inch Pipe

Why Choose This Tool?
This is a practical, lower-cost detail tool for cleaners who need a lightweight clear head hand tool for low-pressure upholstery and auto detail work. The clear head makes it easier to verify soil recovery, while the external spray design keeps the tool simple and easy to maintain.
Frequently Asked Questions
Can this be used with a heated extractor?
No. This model is recommended for non-heated machines under 120 PSI. Heat and excessive pressure may damage the plastic valve or clear head.
Does this include a quick disconnect?
No. The tool does not include a quick disconnect unless one is selected from the product options.
Will this fit standard vacuum hose?
This tool has a 1.25 inch OD vacuum tube and is commonly used with only with smaller spotting machines.
Is this a good tool for auto detailing?
Yes. It is commonly used for vehicle upholstery, cloth seats, small fabric areas, and low-pressure spotting extractors.

What is the difference between U1260A and U1260B?
All specs are the same except the hose that is installed between the QD and the valve is upgraded with higher temperature rated hose.
The U1260B hose is made from a high pressure and high temperature hose and brass valve. The U1260A is a black sewer jetting hose rated for 180 degrees and 2000 Psi and the valve is rated for lower pressure machines.
PMF U1260B-500psi Open Spray Clear Head Plastic Valve Detailer For Use with Heated Machines Under 500 psi. No QD
