PMF U1520BTF Teflon PTFE Glide High Temp Upholstery Tool Closed Spray (500Psi Brass Valve) 1.5Inch Pipe Stainless Steel

Model Number: U1520ATF

PMF U1520BTF Teflon PTFE Glide High Temp Upholstery Tool Closed Spray (500Psi Brass Valve) 1.5Inch Pipe Stainless Steel

Manufacturer: Production Metal Forming

PMF U1520BTF Low Profile Upholstery Tool – Closed Spray, Brass Valve, 500 PSI
Part Number: U1520BTF
The PMF U1520BTF is a professional low-profile upholstery extraction tool designed for detail cleaning, furniture, auto interiors, stairs, and tight areas where a full-size wand cannot reach. The closed-spray design helps contain overspray and retain more heat at the fabric surface. 500 PSI brass valve version of the popular PMF 4-inch closed-spray upholstery tool
Key Features

- Closed spray design helps reduce overspray and improves heat retention.
- 500 PSI rated brass valve for professional carpet and upholstery extraction use. Uses the PMF V1245A aluminum valve rated for up to 400 PSI and high temperature operation.
- Low profile head reaches tighter areas and smaller upholstery openings.
- 4 inch wide cleaning head for efficient detail cleaning.
- 9 inch handle for comfortable hand control.
- 1.5 inch stainless steel tube connects to standard vacuum hose setups.
- Includes 1 ft high-pressure, high-temperature solution hose whip.
- Made by PMF / Production Metal Forming, a long-time USA manufacturer of carpet cleaning wands and detail tools.

Best Uses

- Upholstery cleaning
- Auto detailing
- Restaurant booths
- RV and aircraft interiors
- Stairs and tight carpeted areas
- Fabric panels and office dividers

1 ft high-pressure / high-temperature whip hose

Important Ordering Note
Quick disconnects are not included unless selected above. Please choose the quick disconnect coupler option that matches your extractor, truckmount, or portable machine before checkout.
Why Choose a Closed Spray Upholstery Tool?
Closed spray tools are preferred when cleaning delicate upholstery, auto interiors, and tight areas because the spray is better contained under the tool head. This helps reduce misting, overspray, and heat loss compared with open-spray detail tools.
Frequently Asked Questions
Does this tool include a quick disconnect?

Steambrite Supply

PMF U1520BTF Teflon PTFE Glide High Temp Upholstery Tool Closed Spray (500Psi Brass Valve) 1.5Inch Pipe Stainless Steel

No. Quick disconnects are optional and must be selected separately from the product options menu.
Will this work with portable extractors?
Yes, this tool can be used with many portable carpet extractors and truckmounts, provided your vacuum hose and solution line connections are compatible.
What is the difference between closed spray and open spray?
Closed spray tools contain the water spray inside the cleaning head. Open spray tools allow more visible spray and can be useful for certain detailing jobs, but closed spray is often preferred for upholstery because it helps reduce overspray.
Is this a high-pressure upholstery tool?
Yes. This model is listed as a 500 PSI Brass valve version and includes a high-pressure, high-temperature solution hose whip.
