Clean Storm NR02 Replacement Brush Ring for Typhoon 12-Inch Tile & Grout Spinner Wand

Model Number: NR-02

Clean Storm NR02 Replacement Brush Ring for Typhoon 12-Inch Tile & Grout Spinner Wand

Manufacturer: Clean Storm

Clean Storm NR-02 Replacement Brush Ring for Typhoon 12-Inch Spinner Wand
Important: This listing is for the replacement brush ring only. The complete Typhoon spinner wand, rubber vacuum boot ring, swivel, spray bar, nozzles, handle, and other parts are not included.
Replace a worn or damaged brush ring on your compatible Clean Storm Typhoon 12-inch tile and grout spinner wand. The brush ring helps the cleaning head glide across hard surfaces while containing spray around the perimeter of the tool.

- Spray bar or nozzle assembly
- Handle, hose, fittings, or hardware unless shown as included

Compatibility Notice
Please compare your existing part and spinner-wand model before ordering. Similar-looking spinner tools may use different brush-ring diameters, mounting methods, and replacement parts. Purchases are fulfilled according to the part number ordered.
This brush ring is intended as a service part for the compatible Typhoon 12-inch hard-surface spinner. It does not convert other spinner-wand models for use with the Typhoon.
Related Typhoon Parts

- Complete Clean Storm Typhoon 12-Inch Spinner Wand
- Typhoon Replacement Rubber Boot Ring – Part 20010722
- Typhoon Replacement Swivel and Bulkhead Fitting

Ordering Tip: The brush ring and rubber boot ring are different parts. Confirm which ring is worn or damaged before placing your order.
Frequently Asked Questions
Does this listing include the complete Typhoon spinner wand?
No. This listing includes one NR-02 replacement brush ring only.
Is this the rubber vacuum boot ring?
No. The rubber boot ring is a separate replacement part. This page is for the perimeter brush ring.
Will this fit every 12-inch spinner wand?
No. Twelve-inch spinner wands from different manufacturers can use different ring dimensions and mounting designs. Verify the model and part number before ordering.
When should the brush ring be replaced?
Replace it when the bristles become excessively worn, uneven, damaged, or no longer support the spinner head properly.
Display images are for identification and reference. Product appearance, construction, and packaging may change without notice. Specifications are subject to change. All purchases are fulfilled by the manufacturer or supplier part number ordered.
