Included!

Xpower P-80A-Blue 600 CFM Mini Air Mover 1.2 Amp 120 Volts 3 Speed w Power Outlet GTIN: 848025011010

Description
The US Products Pegasus 1200 is a heavy-duty commercial carpet extractor with dual vacuum motors and high-capacity solution and recovery tanks. The machine-only configuration (05-10036) ships without a wand or hose set — it is intended for professional cleaning companies that already own compatible tools or want to pair it with a specific wand configuration. The dual vacuum system provides strong water lift for effective moisture recovery across large-area commercial carpet cleaning jobs.

High-capacity tanks on the Pegasus 1200 reduce the number of refill stops during a job — a practical advantage in hotel lobby cleaning, convention center work, or large office floor extraction where moving the machine to a water source repeatedly slows production. Larger solution tanks allow operators to clean more area per fill, which matters on jobs with dozens of rooms or thousands of square feet per session. The dual vacuum motor configuration delivers the water lift needed to extract moisture from dense commercial carpet fiber, contributing to faster dry times that allow the area to be reopened sooner. Dry times are a client-facing performance metric for commercial carpet cleaning contractors
Specification

Steambrite Supply

US Products 05-10036, Pegasus 1200 Cold Carpet Extractor, 5.7 Dual Vac, Dual Cord, with Air Mover

Model / SKU
Pegasus 1200 / 05-10036

Extractor Type
Heavy-duty commercial carpet extractor

Vacuum System
Dual vacuum motors
5.7 3 Stage Motors
200 CFM, 100” Lift

Solution Tank
High-capacity commercial-grade
