tank and adjustable 50-500 PSI pump. It is engineered for efficiency, allowing operators to switch between carpet and upholstery cleaning easily

The Pegasus PRO 500C SV/SC is a powerful non-heated, maleficiated extractor with a single cord design. Engineered to be easy to use, this unit allows for efficient operation, letting crews switch quickly between carpet and upholstery without the need for multiple circuits. The adjustable 50–500 PSI pump paired with a high-performance single top mounted 3 stage motor in parallel provides 137” of lift and 107 CFM, resulting in excellent water recovery and rapid dry times.

The Sharp Shooter is a dual-jet stainless wand with a 13" cleaning head — wider than a standard 12" wand — allowing slightly faster single-stroke passes on open floor areas while still fitting standard hallways. Heated extraction works by passing solution through the 1,750W inline heater element before it exits the wand jets, elevating solution temperature to improve soil solubility and reduce the chemical dwell time required. Hot solution also accelerates moisture evaporation after extraction, shortening carpet dry times in commercial settings where closed areas cannot be kept off-limits for extended periods. The dual 3-stage vacuum motors in parallel configuration maintain 100" of water lift consistently even as the recovery tank fills, preventing performance drop-off mid-job.

Features

• Performance: Features a 3-stage vacuum motor delivering 137 inches of lift and 107 CFM.

• Design: Single-cord design with a 12.5-gallon solution/recovery tank.

• Components: 05-10039 includes the machine only. The complete package, including a 13-inch wand and 25-foot hose, is listed as 05-10039-P.

Specification

Model / SKU
Pegasus Pro 500 / 05-10039-P

Extractor Type
Commercial carpet extractor

US Products 05-10039-P, Pegasus Pro 500 Cold, 5.7 Single Vac, Single Cord, with 13in Sharp Shooter, Air Mover & 25ft Hose Set

Heater
None

Vacuum System
Single Top Mounted
5.7 3 Stage Motor
137 CFM, 107” Lift

Pump
50-500 PSI Adjustable

Solution Tank
High-capacity commercial-grade
12 Gallon Autofill

Recovery Tank
High-capacity commercial-grade
12.5 Gallon Auto Dump

Shut Off
Dual Ball Float

Drain
Drain Hose

Wheels
4in Front Castors, 12in Rear Non-Marking

Power Cord
Dual Cord 25ft 12/3

AMP Draw
15 AMPS Cord
