US Products 05-10031-002, Sharp Shooter 16in (FEW) Flood Extractor Wand, Diameter 2in

Description

The Sharp Shooter Flood Extractor Wand professional-grade restoration and flood extraction tool delivers maximum suction when used with a truck mount or flood extractor system such as the U.S. Products Kraken. The Sharp Shooter's 16-inch wide head and two-inch tube provides industry-leading air flow and suction. Sharp Shooter's durable roto-molded head's airflow velocity increase feature accelerates water recovery and area drying. The Sharp Shooter is built in the USA with the industry's leading product assurance: including a two-year warranty on major components and a 10-year limited housing warranty.

Sharp Shooter Professional-Grade Restoration / Flood Extractor Wand: 16-inch wide durable roto-molded head; Powder-coated two-inch 6061 T6 aircraft aluminum tube; Split airflow velocity increase feature in head; Removable composite glide and airtight gasket seal; lightweight 8.5 pound action; and Built in the USA with the industry's leading product assurance: 10 year warranty on the rotationally molded head and tube, and one-year warranty on the composite glide.
