Century 400 and Diamondback 4" Swivel Caster OEM Part [040-03] 8.619-943.0 GTIN 4039784269552 sold each

Model Number: 040-03

Century 400 and Diamondback 4" Swivel Caster OEM Part [040-03] 8.619-943.0 GTIN 4039784269552 sold each

Manufacturer: Century 400

Century 400 OEM 4-Inch Swivel Caster – 040-03 / 8.619-943.0
Replace a worn, damaged, or difficult-to-turn front caster on select Century 400 and Diamondback portable carpet cleaning extractors with this OEM 4-inch swivel caster. This caster is designed to support and maneuver commercial cleaning equipment while providing a rated capacity of up to 250 pounds per caster.
Important: This listing includes one caster only. Many extractor models use two swivel casters. Order the quantity required for your repair.
Product Features

- Genuine OEM replacement swivel caster
- 4-inch wheel diameter
- 360-degree swivel movement
- Rated capacity: 250 lb per caster
- Designed for commercial portable carpet extractors

Known Applications
OEM parts manuals show this caster used on select Century 400 portable extractor platforms, including certain:

- Century 400 Ninja portable extractors
- Ninja Warrior portable extractors
- Century 400 Diamondback extractors
- Century 400 Avenger extractors
- Century 400 Stormchaser extractors

Compatibility varies by model and production date. Match part number 8.619-943.0 or former part number 040-03 to your machine’s parts manual before ordering. Do not order by appearance alone.
What You Receive

- One Century 400/Karcher OEM 4-inch swivel caster

Mounting hardware, brackets, axles, washers, and additional casters are not included unless specifically shown and stated in this listing.
Frequently Asked Questions
Is this listing for a pair?
No. This caster is sold individually. Select a quantity of two if your machine requires both front casters to be replaced.
Does this caster have a brake?
The OEM description identifies it as a standard 4-inch swivel caster. It is not described as a locking or braking caster.
Will it fit every Century 400 extractor?
No. Century 400 produced many models and configurations. Confirm that your original caster is identified as 040-03 or 8.619-943.0 before ordering.
Should I replace both casters at the same time?
Replacing both may provide more even rolling and machine height when the existing casters have substantial wear, but each caster is sold separately.

Product images are for reference. Purchase and compatibility are determined by the part number ordered. Manufacturer specifications and product appearance are subject to change without notice.
